

Contractor Policy Acknowledgement

The Refrigerant Management Policy and Procedure has been provided by The Kroger Co. (Kroger) General Office (GO) to each Division of Kroger. It is intended as a guide to assist Facilities Management meet the requirements of the Clean Air Act (CAA) section 608 and the American Innovation and Manufacturing Act (AIM) Subsection (h) as promulgated by 40 Code of Federal Regulations (CFR) parts 82 and 84 at a minimum. The Refrigerant Management Policy and Procedure does not include every requirement contained within the regulations. Contractors involved with and/or certified for refrigerant management are expected to understand and adhere to all refrigerant management regulations.

Each contractor must understand that individual contractor EPA certifications, and Kroger as Owner and Operator, have requirements which are well defined and enforceable by regulatory agencies. The failure to adhere to the requirements could result in the loss of individual certifications, fines, and penalties to Kroger, and in extreme instances criminal charges to individuals or to Kroger.

Read and Sign
